

PORTE-EMBOUS FLEXTORQ AVEC FOURREAU DE

Référence DEA-DT7523-QZ

EAN13 : 5035048513712

Porte-embouts Flextorq avec fourreau de guidage

Strong Magnetic Hold provides fastener retention, ideal for one-handed use. Quick and easy bit change. Extendable Stainless Steel Sleeve for improved fastener stability and control. Impact Ready for maximised resistance to wear and shock. Torsion Zone flexes with the torque of the impact driver to absorb torque peaks and protect the bit for longer life. Longer life on 25mm bits when used with a torsion zone holder versus a standard holder. Garantie 3 ans Equipements inclus Impact Ready Drive Guide with Torsion Zone (1)
